INDEX

Abdominal operations, avertin anæsthesia in 84
—— ——, upper intercostal nerve-blocking during spinal anæsthesia for 20
Abstracts 34
—— 174
—— 135
Acetylene (*see Narcelyn*)
Acidosis absent in spinocain anæsthesia 4
——, post-operative (G. de Candia: abstract) 175
Alcohol, question of oral adminstration before giving chloroform (abstract) 92
Amylo-prolamin, admixture with spinocain 3
Amytal, experimental anæsthesia with (A. Bolliger and K. Maddox: abstract) 174
Anæsthesia and midwifery 157
——, choice of (abstract) 92
——, general and local, combined 69
——, local, by novocaine, contra-indications to.....86
——, objectionable features of 2
——, phenomena of bearing of mentality of patient upon (Dudley W. Buxton) 59
——, present status of, in Germany (F. von der Porten).....169
——, production in orthopædic surgery, (H. R. Phillips).....160
——, surgical, inorganic phosphate changes in the blood during (R. L. Mackay). (*See also* Spinal Anæsthesia) 23
Anæsthesiana 39
Anæsthetic apparatus, rationalisation of (R. J. Clausen).....121
References to diagrams 125
Anæsthetics, dread of, hypnotic suggestions (?) in two cases of (A. W. Matthew) 166
——, improvements in (McMechan).....40
——, local, introduction of quinine salts into.....91
—— ——, watery solutions of, significance of H-concentration for (abstract) 90
——, provision for maternity service 157, 159
Anæsthetists, appointment to lying-in hospitals 158
——, duties of (J. R. Burrows) 40
——, ideal to be aimed at by 46, 47
——, mechanical as opposed to medical aspect of work of Machines and Men 97, 184
——, medical and dental, work of contrasted 29
——, timidity and rashness in 47

Analgesia, local, causes of failure in 68, 69
——, ——, toxicity of eucupin in (R. J. Millzner and C. D. Leake) 34
——, spinal dangers of 69
Antrum, acute suppuration of operation for under avertin anæsthesia 118
Avertin 171
——, characteristics of 47, 48
—— anæsthesia (Addendum). (O. G. Morgan) 120
—— ——, contra-indications to 84
—— ——, deaths following 83, 84
—— ——, discussion on 82
—— ——, dosage in 82, 83
—— —— in abdominal operations 84
—— ——, Physiological bases of (W. Sebening: abstract) 135
—— ——, selection of cases for (Sir Francis Shipway)....114
References 120
—— ——, subjects suitable for 83, 84, 85
——, experimental anæsthesia with (A. Bolliger and K. Maddox: abstract) 174
——, other anæsthetics used in combination with 83, 84
——, rectal narcosis by (A. R. Poducal: abstract) 93
——, use of, for anæsthesia (J. Blomfield and F. A. Shipway)....35

Babcock, W. Wayne. Risks from improper performance of spinal anæsthesia (quoted) 22
Bennet, Thomas, first to practice anæsthetics as speciality in United States 47
Bladder, anæsthesia of, application of percaine for (O. A. Schwarz: abstract) 176
Blalock, Alfred. Experimental shock (abstract) 178
Blalock, L., and H. Bradburn. Distribution of the blood in shock (abstract) 136
Blezard, J. A., appointment to 43
Blomfield, J. Discussion on avertin anæsthesia 82
——, and Sir Francis Shipway. The use of avertin for anæsthesia (abstract) 35
Blood, distribution of, in shock (L. Blalock and H. Bradburn: abstract) 36
——, inorganic phosphate changes in, during surgical anæsthesia (R. L. Mackay) 23
Blood-count, importance of, before administering anæsthetics 68
Blood-pressure, effect of ephedrin upon 19
——, effect of injection of percaine on 150
—— examination before administering anæsthetics important 68
——, fall of, during opening of dura 55, 56

Blood-pressure, fall of, under administration of spinocain 181
——, lowering of, how produced 178
—— not affected in spinocain anæsthesia 4, 13, 14
——, rise of under administration of carbon dioxide 37
——, unreliable guide during anæsthesia 53
Bolliger, A., and K. Maddox. Experimental anæsthesia with avertin and with amytal (abstract) 174
Boyle, Edmund G., and G. Wellesley. Anæsthetic equipment in the new surgical block at St. Bartholomew's Hospital 130
Bradburn, H., and L. Blalock. Distribution of the blood in shock (abstract) 136
Brain, operation on, adminstration of anæsthesia for difficulties in (Z. Mennell) 52
—— cells, " bombardment " of 63
—— ——, poor resistance to effect of anæsthesia 65
British Medical Association Annual Meeting, 1929. Section of Anæsthetics 45, 46
—— —— Annual Meeting, 1929. Section of Anæsthetics, note on (H. P. Fairlie) 81
—— —— Winnipeg Meeting 1
Bronchitis, no danger to subjects of, subjected to spinocain anæsthesia 11
Buxton, Dudley Wilmot. The mentality of the patient, and its bearing upon the phenomena of anæsthesia 59
——, organisation of British Anæsthetists in 1897 under 47
Burrows, J. R. The anæsthetist's job 40

Carbon dioxide, administration of, rise of blood-pressure under ...37
—— ——, anæsthetic properties of (C. D. Leake and R. M. Waters 36
—— —— and oxygen, experimental anæsthetisation with 36
—— —— and oxygen, anæsthetisation with, clonic convulsions under 36
Candia, Giovanni de. Post-operative acidosis (abstract) 175
Carlton, C. H. Discussion on avertin anæsthesia 85
Cerebro-spinal fluid, amount of 107
—— ——, comparison of percaine solutions with 110
—— ——, specific gravity of 108
Children, suitable subjects for avertin anæsthesia 118
Chloroform administration in cases of depression of respiration in cerebral operations 54
—— anæsthesia, rapid development of shock under 64
——, question of oral adminstration of alcohol before giving (abstract) 92
——, post-operative acidosis of 175

Clausen, R. J. Ethylene anæsthesia 181
—— Rationalisation of anæsthetic apparatus 121
Clonic convulsions under experimental anæsthetisation with carbon dioxide and oxygen 36
Cohen, H. M. (late Editor). Obituary notice (Sir D'Arcy Power)...49
Cohn, I. The Ideal (quotation) 46
Coroners' Law, Parliamentary Committee on, recommendations as to deaths under anæsthesia 74, 75
Correspondence. Comment on Editorial, "Machines and Men" —"Robot" 184

Cutler. Surgeons and anæsthesia 43, 44

Death during anæsthetic induction, case of (R. W. Hornabrook)...76
—— —— anæsthetic induction, case of, result of post-mortem examination in 78
Deaths during anæsthesia not unnatural 72
—— —— anæsthesia, public inquests on (H. Bellamy Gardner) ...71
—— —— anæsthesia, public inquests on, rare in Scotland 75
—— following avertin anæsthesia 83
—— under anæsthetics and deaths under surgical operations compared 72
Dehydration, absence in spinocain anæsthesia 4, 11
Diabetics, not endangered by spinocain anæsthesia 11
Dislocations of larger joints, anæsthetics suitable for 161
Donald C. Spinal analgesia with spinocain 180
Drugs, anæsthetic, blood containing, causing physical changes in cells of nervous system 63
Dura, opening of, difficulties of administration of anæsthetics during 55, 56
——, puncture of, in spinocain anæsthesia 8

Editorial. General anæsthetics in Germany 145
—— Machines and Men 97, 184
Embley, E. H., memorial to 43
Ephedrin in relation to blood-pressure 19
—— in relation to hypotension 19
——, value of, in spinal anæsthesia 14
Erotic mania induced by anæsthetic drug 62
Ether anæsthesia for cerebral operations, depression of respiration during 54
—— anæsthetic, preservation of (C. Langton Hewer) 36
——, intratracheal, use of, in operations for access to posterior fossa 57
——, open, administration in open operations in orthopædic surgery 163

Ether, post-operative acidosis of 175
—— toxæmia 64
Ethylene anæsthesia (R. J. Clausen) 181
—— ——, advantages and disadvantages of 181
—— oxygen anæsthesia, intratracheal (H. R. Griffith: abstract) 87, 88
Eucupin, toxicity in local analgesia (R. J. Millzner and C D. Leake) 34

Fairlie, H. P. A note on the British Medical Association Meeting...80
Fear, cause of some deaths under anæsthetic 66
Flemming, A. L. The Goal (quotation) 47
Fuller, C. T. Post-operative pulmonary complications (abstract)...137
